

We don't just build great fishing boats. Skeeter builds great family boats, too. The WX2060 F is a perfect example of both. It's great for those days when you're gliding across the water chasing fish. It's also perfect for days when you and the family are making memories. It'll be there when you feel the pride of catching your personal best with your friends, and when you feel the pride of watching your son or daughter catch their first fish. This boat has more of everything, including comfort.

Featuring a Helix® 12 CHIRP MEGA SI GPS G4N unit, multifunctional switch panel and wrap around windshield.

Quickly add two seats to carry six. Remove the rear pedestals and you can comfortably bring four, with lots of space to manage your rods.

25-gal stern livewell and 9-gal bow baitwell featuring independent fill, recirculating and drain modes with pump timer.

Center rod storage locker featuring Mega Rod Tubes, and a convenient cooler that doubles as a front deck step.
